Wow, Kobé, it's been a long time since we last saw you. Too long!

Yeah – you've aged! It has been a while, hasn't it? I can't believe how quickly time flies, it's as if the weeks are getting shorter. Shorter than my skirts!

So how are you finding life in the glamour business?
Busy, busy, busy. I've been working a lot for Vivid Video, making some really hot films.

Do you prefer American cities to Hong Kong?
I'm not sure about that. Hong Kong and LA are both really hectic places, but they can be so different at times. I really like lively cities with lots of things going on, but now and again it's good to get away from it all. It's easier to escape to somewhere quiet in America than it is back home.

What do you miss most about Hong Kong?
The movies! I'm a big fan of all the action films and they're often hard to see when you're moving around America or flying to distant locations.

Where do you see yourself being in ten years time?
Relaxing in my luxury mansion without a care in the world. And I'll have my own cinema with lots of action films!

Alright, Kerrie?
Yeah, just great!

Was that chair so ghastly you had to cover it up with sheets?
It was pretty awful. It looked like custard and pea soup – not a nice colour. Thing is, nobody would have covered it up if it wasn't for me making a fuss.

What is it with women? They always seem fascinated by furniture and D.I.Y.

That's nature for you, isn't it? Us birds make the nests, while you blokes go out hunting and fighting each other.

That's hardly the talk of a ninetie's woman.

But it's true. I love houses and gardens and all my boyfriends love drinking and fighting.

All your boyfriends?

Yeah. That's the problem I guess. They're always fighting – over who gets to shag me first!

That's one big pair of shoes!
I know, I nearly broke my ankle going up the stairs earlier. It's like wearing two tanks on your feet!

Are you a foot fetishist?
Not myself, but it's surprising how many people are. A male friend of mine really gets off on women's shoes, and he always asks if he can see what's in my shoe cupboard. Feet interest me, though, and I love the idea that if a guy has big feet he has a big cock too.

Yeah, nonsense.

Hmm… I'm not sure. My last boyfriend had enormous feet, and he wasn't lacking in the groin department either. Thing is, everything about him was big – except for his brain!

Do you get narked if a bloke wears his socks in bed?

Oh yeah, that's a big 'no-no'. I like them to be completely naked or I'm not at all happy. Not that any man is likely to argue with me, especially now I've got these big heels on my feet! I feel like I could kick straight through walls!

Excellent set, Claire.
You like it, then?

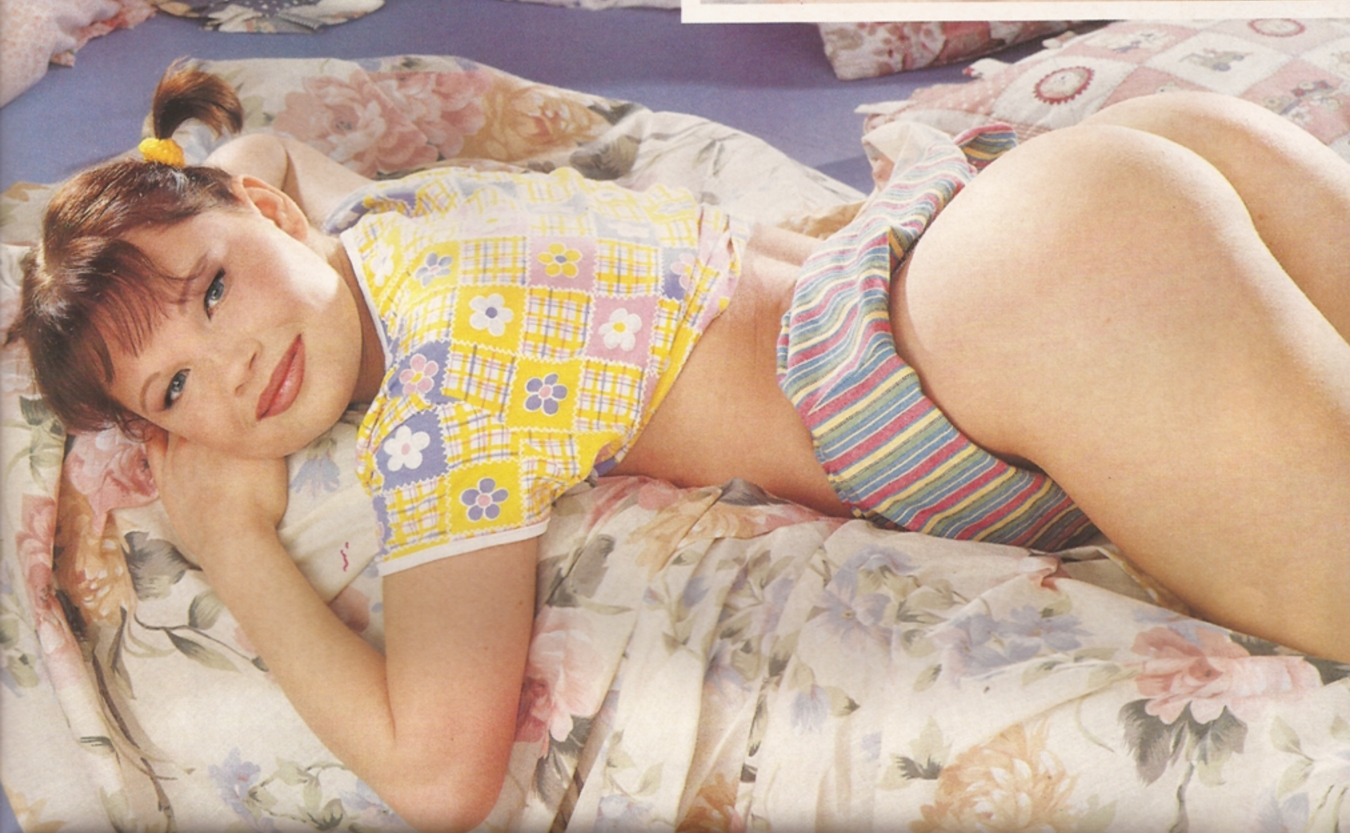
Oh yeah, and then some! How was it filming our exclusive Internet video?
Interesting. It took me ages to get into it, especially because I couldn't help laughing for the first few takes.

Laughing?
I was gyrating on that pole for so long it was all wet and slippery. I kept falling over. It was like a 'You've Been Framed' movie.

It would give Jeremy Beadle something to smile about!
They'd never show it on telly, though. Maybe there should be an adult version. I'd be glad to be the host if any telly people are reading!

Have you ever been a pole dancer in real life?

I haven't, no. Put it this way, pole dancers have to work at night-time and I've got far better things to do at night. Having sex for instance!



Is there no man in your life at the moment?

There was but he was my age and too stupid. All men my age act stupid.

We can think of some older ones if you want.

No, I like to find them for myself. Anyway, I don't come here very often so a British boyfriend wouldn't work out very well. I like it here and I'd love to live in London. There's so much to do and it's exciting. Iceland is always cold. And boring.

We can put you up for a few days.
Ahh… I have to catch a plane later. I'm going on to Germany.

Going to try a bit of German sausage?
Oh no, I won't even have time to eat, I'll be busy working all day.

Nah. You do look like Bjork.
Stop saying that, I don't look anything like her! And before you ask, no – I don't sing either…

Yeah – neither does Bjork! She just screams.
Arrghhhhh!!!

Cor! So you're not thinking about hanging up your panties just yet, then? *Only if it's part of a photo-set! No, I'm not retiring just yet. Not while there's loads of cash to be made.*

How many blokes have tried to chat you up? *Enough.*

And how many of those have you slept with? *Ooh… let's think. Most of them I suppose.*

Good to see you again, Emma. You're always a welcome sight.

It's good to be back. I thought you'd crossed me off your model list.

What?! No, never.

I always enjoy telling people to watch out for me in Mayfair.

So how are you finding the fame game?
It's a slow process, but my career is really starting to take off. I've got my sights set high and I intend to go all the way.

We'd like to see you go all the way!
You sound like an old manager of mine. He was always trying to get into my pants. He failed, too.

So just how famous would you like to be?
As famous as Joan Collins, but prettier and not so much of a bitch.

Wow. That's some ambition.
All it takes is the right mix of self-belief and luck. I want to write a book, be in a movie and have my own chat-show. I might even interview you one day!
